Campaign Spending: [List of Filers](#)

My name is Carol Mon Lee, a candidate for the Board of Education, Honolulu District.

My candidacy is a result of my experience, skills and focus on education during many years in the education and legal/business communities. I have taught at pre-K, secondary and law school levels. For 10 years, I was Associate Dean at UH Richardson School of Law and I served for 12 years as a trustee of St. Andrews Priory.

My experience as an attorney and businessperson includes service as a staff attorney at the 1978 Constitutional Convention, private law practice, and Senior Vice-President of two Honolulu financial services companies. I have also been involved in many volunteer activities, including 2 terms on the Hawaii Real Estate Commission and leadership positions in several local non-profits.

As a former teacher, I respect our educators and the challenges they face in preparing our students to enter a world so different than what we faced upon high school graduation. As a former administrator, I understand the frustration of our principals in balancing so many competing interests. As a parent, I share everyone's concern about what is best for our children and our goal to help them achieve the best possible education.

I look forward to serving on the Board of Education as an advocate for a better public education system for our children.

Thank you for helping me become a part of the solution by voting for Carol Mon Lee.
